 Make the Difference**

Leather Designs
**Platinum
 Warranty**

—Leather Designs says
**Combine Leather and
 Fabrics for a New Look!**

Leather Designs Guarantees You Quality
**Only the Finest Top
 Grain Hides are Used**

This warranty applies to new Leather Designs upholstered furniture and is extended only to the consumer who made the original purchase.

Frames and Springs - Lifetime

The hardwood / wood frame construction and the tempered steel, eight-way machine tied coil spring support system of Leather Designs furniture is warranted against breakage due to defective material or faulty workmanship for the life of the furniture.

Leather - Lifetime

Leather Designs warranties its leather, under normal use and care, against cracking, tearing, splitting and color transfer for the life of the furniture.

Cushions - Five Year Performance Guarantee

Leather Designs warrants the cushion for five years against loss of foam resiliency. Please do not confuse loss of foam resiliency with softening. Softening will occur through normal use and is not considered a defect. We reserve the right to void this warranty if the cushion(s) is abused or used in any other manner than its intended use. To promote even wear, cushions must be rotated every other month.

Sleeper Mechanisms - One Year

Leather Designs warrants that its sleeper mechanism is free from defects in workmanship and materials to the original purchaser under normal usage one year from the date of purchase.

Warranty Service

Leather Designs will repair or replace at its option any furniture product which has a defect in materials or workmanship covered by the Limited Warranty without charge. To obtain service you must return the product to the furniture dealer you purchased the product from along with proof of purchase. All packing and transportation charges for delivering the product to and from the factory are the responsibility of the original purchaser.

Leather Designs uses only top grain hides. Top grain leathers are superior to other "leathers" as it is the top 3/64" of a hide. Because of this, we can offer a limited lifetime warranty against cracking, tearing, splitting and color transfer. Leather Designs uses this material because of its supple feel, strength and beauty. Leather is a natural, product as cattle encounter a variety of elements during life!

NECK WRINKLES: skin around the neck is full and loose causing natural wrinkles.

SCRATCHES: healed scratch marks are evidence of a cow's unsheltered life. Fewer scratches increases the cost of the hide.

URINE BURNS: because of a cow's natural activity, urine burns are found on the legs of full hides. This area never dries during a cow's lifetime.

BACKBONE: natural furrows show along the backbone of all hides. They are proof of a natural, full grain hide.

STRETCH MARKS: occur because of calving. The stretching of skin allows for birth of a new calf.

The Choice is Yours...

Choose from a modular seating system that allows you to create the seating combination you want! Not only do you have a wide variety of series to choose from, you can choose chairs, loveseats, sofas, sleepers and sectionals creating exactly the look you've always dreamed of.

**Quality Fabrics Compliment Our
 Entire Leather Offering**

Leather Designs Quality Leather

Positioning the pattern on the leather is extremely important. Each hide is different making each piece of furniture completely unique. Care must be taken not to waste this expensive piece of material.

Leather Designs travels to the finest tanneries in the world to hand select its leather bringing you one of the industries widest selections of colors and styles. Only the finest top grain leather will be considered.

Once the inspection of the hide is completed, the placement of our patterns on the leather is done. Each pattern is strategically hand placed. This insures a continuity of over all leather tone.

Each piece of leather is hand-cut with precision. There is no substitute for the extensive hands-on detail we take on each and every piece of furniture.

Care is taken when cutting each piece of fabric so that there is no waste and that pieces will fit when sewn together.

Leather Designs Quality Construction

It is the attention to detail with our frames at the start that guarantees you a quality product.

All Leather Designs frames are manufactured in our factory. We use only 100% kiln dried hardwood to insure a lifetime of use. All

parts of the frame are double doweled, including our 5/4" front rail. We reinforce all stress points for the maximum strength and durability. Screws and nails are used to secure the joints of the furniture.

A tempered steel coil system is suspended above the frame with helical coils. This 8-way machine tied coil system affords Leather Designs furniture a 6 inch soft edge and gives you a deeper, more comfortable sit.

Both the Hardwood frame & tempered steel coils are Platinum Warrantied.

8-way machine tied coil springs with several layers of padding and foam creates a comfortable seating platform you will enjoy for years.

Leather Designs Quality Craftsmen

Care and attention to detail is important in sewing together all Leather Design furniture upholstery. Attention to detail now means years of enjoyment to come.

The attention to quality is evident with each and every piece of leather that is joined. Whether it is a French seam or a Baseball stitch, our skilled craftsmen are well versed in assembling leather materials you will be proud to own.

Our cushioning receives the same attention to detail. Thick and dense, we use resilient foam with unique interlocking cell structure that insures your Leather Design cushion will out perform conventional cushions.

Each foam core is wrapped with a simulated down fiber to guarantee a plush and comfortable cushion that will give you lasting comfort for many years to come.

Simulated down wrapped around a thick, plush layer of foam guarantees you comfort and years of use.

Leather Designs offers you... Quality Furniture

Each piece of furniture is carefully upholstered by hand bringing you the finest in detailed craftsmanship. Each piece is crafted to give you years of use and enjoyment.

Leather Designs Family Owned & Operated
